DR. I. E. CRIMM

WILL BE IN HIS UNION OFFICE

Peoples Undertaking Parlors, Old Post Office Stand

FOR TWO (2) WEEKS

Commencing Monday, November 6th

Dr. Crimm needs no introduction to the people of Union and County. Seventeen (17) years' fitting glasses in one place is a guarantee in itself of Dr. Crimm's skill and straight-forward dealing.

Don't risk or ruin your eyesight by buying cheap glasses from peddlers or incompetent people who never make a study of the eyes.

Cross eyes straightened with Dr. Crimm's glasses without cutting.

Your Child's Sight should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

Anybody can "put on" glasses on you but if you want expert optical work, if you want glasses fitted right at the most reasonable prices don't fail to call on Dr. Crimm.

NEW HOPE

New Hope, Oct. 31.—As we didn't have any news last week will tell all this time.

Had the pleasure of attending the dedication of Bogansville church Sunday. The morning services were conducted by our presiding elder, Mr. Stackhouse and Mr. Justus. A large crowd attended and the sermon by Mr. Stackhouse was enjoyed by all and a bountiful dinner was spread on the ground, which everybody enjoyed. In the afternoon had two able speakers from Spartanburg, Mr. Owen and Mr. Hamilton. They both made excellent talks. Mr. Owen described why The Christian Advocate should be in every Methodist home. Both of their lectures were enjoyed very much.

Also Rev. Mr. Jones from Union was with them in the afternoon.

It is understood that Rev. Mr. Gault of Union will preach at Bogansville next Sunday.

On last Saturday Mr. J. G. Bishop and Mr. W. F. Bishop took an auto trip to Greenwood. While there they visited Mrs. S. P. McGee and then came back Sunday by way of Woodruff and stopped at the home of Mrs. J. L. Swink. They report a fine trip.

Mrs. B. W. Whitlock spent last week with daughter, Mrs. Robert Sprouse of Sedalia. She returned home Sunday.

Next Sunday will be our last day for Mr. Justus to preach before conference. It is hoped that we will have the good fortune of getting him back again.

Guess Hallowe'en will be observed in different places tonight when ghost and witches are supposed to be walking.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair—soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

RHEUMATISM AFTER HIS DAY'S OUTING

Hunting Trip on a Wet Day Brings Painful Results.

Once upon a time Charles Mullen, of Philadelphia, went gunning. It was a dismal rainy day, and long exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his home.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, toothache and relieves lame back, neuralgia, in fact all external pains. At all druggists, 25c, 50c and \$1.00 a bottle.

KILLS PAIN

Mrs. Jacob Cohen and her daughter, Miss Blanche, spent Saturday in Spartanburg with friends.

KELTON

Kelton, Oct. 30.—We are having fine weather and I think the farmers are making good use of it. We have not had a killing frost yet and the top cotton crop will add a little more for the farmers.

I attended the State Fair last week and the exhibits were good. In some lines I have seen better. The girls' canning clubs exhibits were not as large as last year. The farming implements and the machinery were excellent.

I stopped with a man who married a North Carolina lady and her mother was at her home. She remembered and talked freely of the times before the Civil war. She said that she had one uncle who owned many slaves and had over a 50-mule farm. He had several sons and daughters. Educated them and they all had to work. Never owned a buggy, but all the girls had their riding horses and when they all wanted to go to a big gathering girls and boys all went in a wagon. We had six negro women that did nothing but weave and when the girls got through school they would weave or do some other kind of work. And that her uncle never bought a suit of clothes until after his wife died. He got a suit to get married in when he married the second time. There was no real fine dressing in his home. How different it is with us all now. One and two suits a year and the ladies have from two to six hats a year and the poor have to have two a year and many of them on a credit and their little ones from the time they can walk and sometimes before must have shoes and stockings and holders in the summer time and all on time. We wonder we cry hard times. If we had more brains and would use them right we would hear less abusing of merchants and others. The most of the hard times are traceable to our own doors.

The fourth quarterly meeting of the Kelton circuit convened at Foster Chapel the 28th inst. The financial report was not very good. I was hunting money for the preacher and went to one member's home and his wife told me she did not think they would make over a bale of cotton and they lost nearly all their corn by the freshet, so I never mentioned money and I never will in such a case and if the preachers want one to collect from such members they will have to get someone else and the man was working on the halves and now is walking one and one-half miles to work in a cotton mill to get money to buy shoes, etc., for his wife and little children, while she was picking the cotton. And the other Sunday while the preacher was taking up his motion, collections, etc., a good lady did not have any money, subscribed something as she did not want to be blank and she and her two little daughters were picking cotton every day when they could find any to pick and my wife knew the condition of this good woman, handed the preacher what she had subscribed. Prosperity has not reached these people. I could mention other such cases.

It seems that there has been another fake to rob the farmers out of their just rights, so says the Charlotte Observer.

There is not much sickness on the Ridge save chills and fever.

Several people of the Ridge will visit Spartanburg this week to take in the Fair.

TEXAS COTTON.

Up to October 18 there has been ginned in Texas 2,845,440 bales of cotton, or considerably more than one-third of all the staple ginned in the United States to that time. Texas is not unused to prosperity—but 1916

is giving us just a little larger bite of the apple than we are accustomed to. However, we like the fruit and shall not object to a steady diet of it.—Houston Post.

London, Oct. 30.—British casualties reported to October 1 in all war areas were: Officers, 4,381; men, 102,702.
